Course: ELA 7		Duration:				
Unit: 2B (Poetry)		TEKS:				
	• 7.6F 1	7.6E 2	7.6G 3	• 7.6D 4	7.6C 5	7.6B
Lesson objectives:	By the end of the lesson, students will be able to respond with new vocabulary. Students will use this information to write a five paragraph essay about a poem using vocabulary they learned while reading the poem.	By the end of the lesson, students will be able to interact with sources in meaningful ways such as note taking, annotating, freewriting, or illustrating. Students will use this information to interact with "The Raven" by Edgar Allan Poe in the manner of their choosing.	By the end of the lesson, students will be able to discuss the explicit or implicit meanings of a poem. Students will use this information to discuss the meaning of the poem "The Raven" by Edgar Allan Poe.	By the end of the lesson, students will be able to paraphrase and summarize poetry. Students will use this information to summarize the poem, "The Raven" by Edgar Allan Poe.	By the end of the lesson, students will be able to use text evidence to support an appropriate response to an essay prompt. Students will use this information to develop an outline for an essay.	By the end of the lesson, students will be able to write responses that demonstrate understanding of poems. Students will use this information to write a five paragraph essay.
Essential Questions:	Why is it important to use vocabulary learned while reading a poem?	How can you interact with a text?	What are some of the ways you can discuss the meaning of a text?	How do you summarize a poem?	How can you use supporting evidence in a text to support an argument?	How do you write a written response to a text?
LYS Methodology Be (Character/Values/Principles) Know (What resource	Be: What is openness? Know: What are some uncommon ways people of different cultures in your neighborhood intersect? Independent Practice / Homework	Students will complete their one page write up.		Students will complete their one page write up.	Students will complete their one page write up.	Students will complete their outline.	Students will complete their essay.
Lesson Close What is the answer to the essential question, and why does it matter to me in terms of: Educational? Social? Cultural? Financial? Health? Vocational? Spiritual?	Social Making new friends requires a certain degree of openness- you have to be willing to share details about your own life so that other people can get to know you. However, you have to be careful not to disclose too much information as you might make some people uncomfortable. Knowing that it requires a certain degree of balance, what does it mean to be open? Cultural We live in a multicultural society. Modern Texas, for example, contains influences from Spanish, Mexican, German, Indeginious, and a wide variety of other cultures. Since we live in a multicultural society, people tend to think about culture in terms of food, clothing, religion or other such markers. However, multiculturalism is broader than this and can be found in uncommon ways.. What are some uncommon ways people of different cultures in your neighborhood intersect? Spiritual	Spiritual When people talk about fulfillment, they might talk about the satisfaction they feel with their jobs and their families or their Hobbies. However, not many people might mention their spirituality or talk about ways that they feel spiritually fulfilled. What do you think it means to be spiritually fulfilled? Vocational The invention of modern technology has provided innumerable benefits to humanity. It has given us millenia worth of knowledge accessible at our fingertips and allows us to communicate with anyone around the	Education Just as civic duty occasionally requires you to keep an open mind about things you may not necessarily agree with, in school, you will be exposed to a wide variety of topics, including some that go against what you previously believed or even what you believe to be true. In some cases, you may even have to complete projects or assignments involving a topic you disagree with. However, you will still need to keep an open mind about what you are learning as learning about a topic you disagree with might actually change your perspective. Knowing the importance of keeping an open mind in school, What are some	Health As you go through life, you might be constantly told how important it is to take care of others. While it is important to take care of others, you need to remember to practice acts of self care to help promote your own health.. What does self care mean to you? Spiritual Spirituality can be utilized in a wide variety of ways. It can help you find a purpose in life and can help you find comfort in difficult times, but what about your well-being? What are some ways you can use your spirituality to help your well being? Educational	Financial As you develop a financial skill set, you will learn a wide variety of ways to help you make and save money, which in turn will help you become financially adaptable. What do you think it means to be financially adaptable? Vocational Many people know what type of vocation they would like to pursue from a young age. However, some people might struggle to figure out what they want to do with their life. Many people who struggle to figure out what they want to do in life can complete purpose exercises to help them narrow down their interests and	Vocational We live in a multicultural society. One of the benefits of multiculturalism is that people can find vocations in fields they may not have considered otherwise, such as moving to a different country or picking a job in a field that originated in a different country. Think about multiculturalism and your vocation-how can you use multiculturalism to find fulfillment in your vocation? Educational Until you reach college, your parents will be your primary advocate for your education. However, as you get older you can start to become your own advocate in school. What are some simple ways you can advocate for yourself at school? Spiritual There are multiple ways you can use elements of your spirituality to help you live a better life. You might use your spirituality to help

	Everyone enjoys success once in a while. When people tend to have a lot of successes in a row, they tend to feel pretty good about themselves, which occasionally can cause them to become arrogant and prideful. Being arrogant and prideful, in turn, can have unforeseen consequences such as a sudden reversal of your fortunes. Consequently, with great successes you should always strive to remain humble. How can you increase your humility?	world. However, it also gives us instant access to social media. When you are in the workforce it will be important to be productive and to focus on the task at hand- if you are a surgeon, you can't stop surgery halfway through to check Facebook or if you are a firefighter, you can't sell fighting a fire halfway through to watch the latest video on social media. As you grow older one of the important skills you will learn is how to avoid falling into these productivity traps. What are some ways you can avoid falling into "productivity traps" at work? Cultural Moving is not easy, whether you're moving across town or you're moving to a whole new continent. When people move to new locations they often have trouble fitting in or acclimating to their local culture – especially if	ways you can be open minded in school? Health Balance is a tricky thing and it doesn't just refer to standing on one foot- it refers to not doing too many things that are good for your health or doing too many things that are bad for your health. While eating healthy and low-fat and low-sugar foods are generally good for you, not eating any fat at all can be just as harmful to your health. Consequently it is important that you take steps to keep your health in balance. What are some easy ways to keep your health in balance? Social Self-esteem can be a tricky thing-some people have virtually unlimited reservoirs of it and some people seem to have no self-esteem at all. Our ability to draw on our healthy self-esteem varies from person to person. It may be easy for you to	Nobody likes being in school all day, especially when the weather is good and there are video games to be played. What most people don't realize until they're older, is that the purpose of school is to help you develop a skill set that will help you not just in school or in the workforce, but in your hobbies as well. So, the earlier you can start developing your educational skills such as literacy, math, and knowledge of simple science, the sooner you can start applying these skills to your non-academic pursuits. What are some unconventional ways you can develop your skills?	help them figure out how they can take their skills and interest and turn it into a vocation. What are some exercises you can use to help you pick a career? Spiritual Spirituality can assist you in multiple areas of your life-it can provide you with strength and can provide guidance as you navigate through life. But what about your aspirations? Many people use their spirituality to help drive them in their operations-in fact, some people use their spirituality to pick a vocation off of their spirituality by picking a religious career. Even if you don't want to go into religious life, how can you use your spirituality to assist in your aspirations?	others, you might use your spirituality to help pick a vocation. But what about those difficult times in your life? Everyone faces difficult times but not everyone uses their spirituality to persevere during difficult times. How can you use your spirituality to persevere in difficult times?
