

LYS Comprehensive Roles & Operational Directory

This document serves as the absolute source of truth for all human resources, organizational design, and platform-level onboarding workflows within Laddering Your Success (LYS). It integrates all roles from the historical, near-future, and distant-future roadmap horizons, aligning them with the "Being, Knowing, Doing" methodology, HubSpot CRM, Google Workspace, and the LYS Platform V3.0 architecture.

Part 1: Comprehensive Organizational Hierarchy

|-- Curriculum & Instruct. Designers
|-- Author Teachers

The System-Level Interdependency Engine

No department or role operates in isolation. The company maintains operational stability through three strict interdependency loops:

1. **The Product-Marketing Loop:** The **Sales Coordinator** and **Growth Sales Managers** log customer feature gaps and user objections directly in HubSpot. The **Ed Tech Product Manager** synthesizes these logs weekly into technical spec updates for **Web Developer One** and the **CTO**.
2. **The Content-Implementation Loop:** **Implementation Specialists (RICs)** observe live classroom usage of "Bricks" and report engagement metrics to the **Director of Educator Success**. This role directs **Instructional Designers** and **Author Teachers** to refine curriculum modules based on student-level data.
3. **The Revenue-Logistics Loop:** The **Grants and Institutional Funding Manager** secures public and private funding, which the **Global Director of Adoption & Revenue (GDAR)** and **Regional Directors (RDIPs)** leverage to discount school district onboarding and prepare the infrastructure for the distant-future **N.E.S.T. Site Operations**.

Part 2: Role-by-Role Operational Frameworks

Section 2.1: Executive & Administrative Leadership

Role 1: Founder & Chief Executive Officer (CEO)

1. Executive Summary

The Founder & CEO drives the global vision of LYS, leading high-stakes institutional relationships, non-dilutive and dilutive fundraising, and cross-border expansion. This role champions the core transition of LYS from a digital curriculum publisher to a global predictive AI career partner.

2. BE-KNOW-DO Framework

- **BE:** Embody visionary leadership, radical commitment to systemic educational equity, and global cultural empathy.
- **KNOW:** Master corporate strategy, venture capital and grant acquisition, state/national education policy, and international education mechanics.
- **DO:** Negotiate institutional agreements, secure capital runway, manage key executive hires, and protect organizational integrity.

3. Key Performance Indicators (KPIs)

- **Strategic Growth KPIs:** ≥ 2 signed state-level or national ministry-level pilot agreements per calendar year.

- **Capital Health KPIs:** Maintain a minimum of 12 months of operational cash runway.
- **Brand KPIs:** ≥ 4 major public-facing thought leadership engagements, keynote speeches, or national podcast appearances per year.

4. Standard Operating Procedures (SOPs)

- **Daily Tasks:**
 - Review high-priority pipeline updates and major contract progression in HubSpot.
 - Screen and respond to institutional, investor, or legal inquiries within 24 hours.
- **Weekly Tasks:**
 - Host weekly alignment syncs with the COO and CTO to monitor 60-day sprint milestones.
 - Record a 5-minute video update or voice memo for the internal team to align values and share progress.
- **Monthly Tasks:**
 - Conduct an operational review of P&L with the COO.
 - Publish a monthly "State of LYS" update on LinkedIn or internal corporate newsletter.
- **Semester-Based Tasks (Bi-Annual):**
 - Present formal platform updates, compliance audits, and financial performance reports to board members and lead investors.
 - Lead a strategic retreat with the executive committee (CTO, CMO, GDAR, COO) to analyze 6-month objectives.
- **Yearly Tasks:**
 - Author and publish the *Annual LYS Career Readiness & Student Impact Report*.
 - Review and adjust the 3-year global expansion roadmap, including N.E.S.T. travel program plans.

5. Tools & Templates

- HubSpot Enterprise Pipeline Dashboard
- Shared Google Drive Folder /Executive/Investor_Reports
- Executive Keynote & Pitch Deck Templates

6. Performance Evaluation Checklist

- ☐ 12+ months of runway fully secured and documented.
- ☐ At least 2 active state/ministry-level pilot contracts signed.
- ☐ Executive departmental leaders achieving $\geq 90\%$ of collective KPIs.

Role 2: Chief Operating Officer (COO) / Executive Director

1. Executive Summary

The COO translates LYS's strategic vision into daily operational execution. This role manages company-wide financial performance, contract compliance, 1099 independent contractor agreements, and cross-departmental alignment.

2. BE-KNOW-DO Framework

- **BE:** Embody operational discipline, administrative rigor, and structured organizational wisdom.
- **KNOW:** Master GAAP budgeting, labor regulations (1099 vs. W2 compliance), contract management, and project management methodologies.
- **DO:** Maintain corporate balance sheets, draft and audit contractor SLAs, manage day-to-day cross-functional execution, and resolve bottleneck issues.

3. Key Performance Indicators (KPIs)

- **Operational KPIs:** Keeping monthly operating expenses within $\pm 5\%$ of the approved budget.
- **Onboarding Velocity KPIs:** 100% of new 1099 contractors completing their 3-week onboarding pipelines on schedule.
- **Compliance KPIs:** 100% compliance audits on active independent contractor agreements (zero misclassification warnings).

4. Standard Operating Procedures (SOPs)

- **Daily Tasks:**
 - Review cash flow logs and approve operational expense requests.
 - Address and clear inter-departmental operational bottlenecks flagged in team channels.
- **Weekly Tasks:**
 - Lead the Monday morning Operational Sync at 9:00 AM CST; log action items in Google Workspace.
 - Audit active developer commits, sales volumes, and customer support queues.
- **Monthly Tasks:**
 - Run a monthly P&L reconciliation and distribute reports to the CEO and CTO.
 - Review and process monthly independent contractor invoices against completed deliverables.
- **Semester-Based Tasks (Bi-Annual):**
 - Execute a formal contract compliance review of all active 1099 agreements.
 - Prepare bi-annual budget forecasts for the next two quarters.
- **Yearly Tasks:**
 - Lead the company-wide operational audit.
 - Oversee annual tax preparation and deliver corporate filings on schedule.

5. Tools & Templates

- QuickBooks & Shared Google Drive Folder /Operations/Financials
- LYS 1099 SLA & IP Assignment Template
- Monthly Operational Performance Dashboard

6. Performance Evaluation Checklist

- [] All monthly P&Ls reconciled with $\leq 5\%$ budget variance.
- [] ^{100%} of active contractor agreements audited for 1099 compliance.
- [] Weekly sync action items tracked, assigned, and archived.

Role 3: Project Manager & Executive Administrative Assistant (PM/EA Intern)

1. Executive Summary

The PM/EA Intern provides high-fidelity administrative, project coordination, and database support to the CEO and COO. This role acts as the operational hub, ensuring executive communication flows seamlessly and corporate metrics are tracked weekly.

2. BE-KNOW-DO Framework

- **BE:** Embody professional communication, proactive detail management, and administrative commitment.
- **KNOW:** Master Google Workspace suite, CRM database administration (HubSpot), meeting transcription, and project management tools.
- **DO:** Curate executive calendars, draft meeting agendas and minutes, maintain weekly marketing scorecards, and clean CRM contacts.

3. Key Performance Indicators (KPIs)

- **Data Integrity KPIs:** ^{100%} accuracy in weekly corporate scorecard entries.
- **Response SLA KPIs:** Meeting minutes and action item sheets distributed within 4 hours of meeting completion.
- **Calendar KPIs:** Zero scheduling overlaps or unconfirmed executive appointments.

4. Standard Operating Procedures (SOPs)

- **Daily Tasks:**
 - Triage and organize executive calendars, confirming high-priority appointments.
 - Filter and flag incoming inquiries in executive email accounts.
- **Weekly Tasks:**
 - Draft agendas and distribute links for the Monday Operational Sync by Friday at 4:00 PM CST.
 - Compile meeting minutes and action items, tagging responsible team members in Google Docs within 4 hours of meeting adjournment.
- **Monthly Tasks:**
 - Perform a complete audit of the corporate shared Google Drive, organizing folders and managing file permissions.
 - Reconcile executive travel schedules and compile expense receipts for the COO.
- **Semester-Based Tasks (Bi-Annual):**
 - Support the PM team in compiling slides and performance data for the bi-annual board meeting.
 - Update standard meeting and event templates in the Google Workspace hub.

- **Yearly Tasks:**

- Archive the year's executive documents, meeting logs, and financial records.
- Coordinate logistics for the Annual LYS Strategic Planning Meeting.

5. Tools & Templates

- Google Calendar & Google Docs
- HubSpot Contact Cleanup Workflows
- Executive Meeting Minute & Agenda Templates

6. Performance Evaluation Checklist

- [] Meeting minutes and action logs delivered on time with 100% tracking accuracy.
- [] Master corporate scorecard updated weekly with zero errors.
- [] Shared Google Drive organized and structured according to file policies.

Section 2.2: Tech, AI & Product Development

Role 4: Fractional Chief Technology Officer (CTO) (1099)

1. Executive Summary

The Fractional CTO owns the core SaaS system-level architecture, multi-tenant database security, data privacy compliance, and the AI engineering roadmap. This role ensures the "Apartment Building" model protects student records while running a fast, standards-aligned platform.

2. BE-KNOW-DO Framework

- **BE:** Embody system-level engineering discipline, data security commitment, and technical vision.
- **KNOW:** Master multi-tenant database architecture (PostgreSQL/RLS), AI/LLM orchestration (LangChain), and data compliance regulations (FERPA, COPPA, NDPR).
- **DO:** Design database schemas, audit repository pull requests, monitor regional cloud hosting budgets, and lead technical development sprints.

3. Key Performance Indicators (KPIs)

- **Security KPIs:** Zero cross-tenant data leaks or unauthorized student PII exposure incidents.
- **Uptime KPIs:** Core API and application platform maintaining $\geq 99.99\%$ monthly availability.
- **Velocity KPIs:** Product development milestones deployed within $\pm 10\%$ of scheduled sprint timelines.

4. Standard Operating Procedures (SOPs)

- **Daily Tasks:**
 - Monitor application server performance logs, error rates, and security notifications.

- Review and provide feedback on critical technical roadblocks with Web Developer One.
- **Weekly Tasks:**
 - Conduct code reviews for all pull requests targeting the staging/production branches.
 - Verify that all database queries explicitly inject the user session tenant_id variable.
- **Monthly Tasks:**
 - Run a monthly cloud infrastructure cost audit, optimizing AWS/Azure budgets.
 - Audit active encryption keys, database backup schedules, and failover configurations.
- **Semester-Based Tasks (Bi-Annual):**
 - Conduct a full penetration test and automated security vulnerability audit on the platform.
 - Update the 6-month product roadmap and coordinate sprint plans with the Product Manager.
- **Yearly Tasks:**
 - Conduct a thorough data compliance audit to verify FERPA, COPPA, and NDPR protocols.
 - Host the annual technical planning sprint to evaluate scaling plans and API version upgrades.

5. Tools & Templates

- AWS/Azure Management Portals & CloudWatch Logs
- GitHub Repository Security Settings
- LYS Multi-Tenant Schema & API Design Spec Sheet

6. Performance Evaluation Checklist

- [] Zero security alerts or tenant-isolation failures in production database queries.
- [] System availability maintained above **99.99%** with zero unscheduled downtime.
- [] Development milestones delivered on schedule according to product plans.

Role 5: Web Developer One (1099)

1. Executive Summary

Web Developer One builds, maintains, and scales the user interfaces and API endpoints for the LYS platform. Operating within the Next.js/NestJS/PostgreSQL stack, this role resolves bugs, optimizes database queries, and integrates third-party tools like HubSpot.

2. BE-KNOW-DO Framework

- **BE:** Embody clean code hygiene, responsive development focus, and engineering reliability.
- **KNOW:** Master Next.js, Tailwind CSS, NestJS API frameworks, SQL performance tuning, and Git methodologies.
- **DO:** Implement responsive designs, build and document API endpoints, write automated tests, and resolve customer-facing bugs.

3. Key Performance Indicators (KPIs)

- **Bug Fix KPIs:** Maintain average bug turnaround time under 24 hours.
- **Page Load KPIs:** Key user dashboards and student portfolios loading in $\leq 500\text{ms}$.
- **Deployment KPIs:** Pull requests merging on time with $\leq 5\%$ requiring immediate rollbacks.

4. Standard Operating Procedures (SOPs)

- **Daily Tasks:**
 - Check the developer active ticket backlog and daily support ticket queues in HubSpot.
 - Write clean, self-documented code and push branch commits to the remote repository.
- **Weekly Tasks:**
 - Deploy approved staging builds to production during scheduled maintenance windows.
 - Open detailed pull requests for reviewed branches, linking to specific issue tickets.
- **Monthly Tasks:**
 - Analyze database performance logs, refactoring slow SQL queries and N+1 bottlenecks.
 - Audit and upgrade platform dependencies and library versions.
- **Semester-Based Tasks (Bi-Annual):**
 - Participate in the bi-annual product refactoring week, cleaning up technical debt.
 - Assist in updating system-level technical and database schema documentation.
- **Yearly Tasks:**
 - Assist the CTO in executing annual platform-wide security and compliance audits.
 - Evaluate and recommend technical framework upgrades for the upcoming fiscal year.

5. Tools & Templates

- Next.js, NestJS, Tailwind CSS, & PostgreSQL Databases
- Sentry Bug Reporting & Cloudflare DNS Control
- Clean Code Review & Pull Request Templates

6. Performance Evaluation Checklist

- ☐ Key dashboard loading times maintained under 500ms .
- ☐ Staging pull requests approved and merged on schedule.
- ☐ Support tickets addressed and resolved within the 24-hour service agreement.

Role 6: Fractional AI Prompt Engineer & Data Scientist (1099)

1. Executive Summary

The AI Prompt Engineer & Data Scientist designs and secures the platform's AI integrations, managing the prompt strategies, vector databases, and predictive metrics. This role is crucial for ensuring the "Master Builder" AI generates accurate, standards-aligned lessons.

2. BE-KNOW-DO Framework

- **BE:** Embody scientific curiosity, absolute data integrity, and strict commitment to ethical AI guidelines.
- **KNOW:** Master prompt design, vector indexing, Python model development, and PII anonymization techniques.
- **DO:** Program and version-control system prompts, optimize Pinecone/PGVector search indexes, and write algorithms for the career matching matrix.

3. Key Performance Indicators (KPIs)

- **AI Output KPIs:** $\geq 90\%$ of generated lessons approved by educators without modifications.
- **Token Cost KPIs:** Month-over-month reductions in average API costs per lesson plan generated.
- **Safety KPIs:** Zero incidents of student PII passing to third-party LLM endpoints.

4. Standard Operating Procedures (SOPs)

- **Daily Tasks:**
 - Monitor the accuracy and speed of active AI model generations.
 - Address any unexpected formatting errors in LLM output formats.
- **Weekly Tasks:**
 - Audit API transaction logs to confirm the PII scrubber is working on incoming parameters.
 - Optimize vector database metadata tags based on standard curriculum updates.
- **Monthly Tasks:**
 - Run benchmark evaluations on prompt variations to reduce token usage.
 - Run predictive matching model tests on simulated student portfolio sets.
- **Semester-Based Tasks (Bi-Annual):**
 - Update the Master Prompt Library and deploy upgraded foundational models.
 - Run regression analysis on the student progress database to update the career match matrix.
- **Yearly Tasks:**
 - Complete the annual ethical AI and safety compliance audit.
 - Present data science and predictive analytics findings to the executive board.

5. Tools & Templates

- LangChain, PGVector, & OpenAI/Gemini API Portals
- Prompt Version Controller Repository Folder
- Student PII Regex & NER Scrubber Code

6. Performance Evaluation Checklist

- [] Prompt cost-to-output ratios meeting budgeted operational limits.
- [] PII data audit proving zero student data leakages to external servers.
- [] Prompt templates version-controlled and tested in the repository.

Role 7: Ed Tech Product Manager (1099)

1. Executive Summary

The Ed Tech Product Manager owns the user-experience (UX) lifecycle, feature definitions, and roadmap execution. Bridging tech and sales, this role converts user observations into technical spec sheets and wireframes.

2. BE-KNOW-DO Framework

- **BE:** Embody user-focused empathy, analytical precision, and collaborative leadership.
- **KNOW:** Master user research methodologies, Agile product management, Figma wireframing, and product analytics software.
- **DO:** Draft product specification documents, moderate user testing sessions, prioritize feature backlogs, and map out dashboard designs.

3. Key Performance Indicators (KPIs)

- **UAT Success KPIs:** New features passing user acceptance testing with a score of $\geq 85\%$.
- **Time to Market KPIs:** Delivering requirements to developers on schedule, keeping projects on track.
- **Adoption KPIs:** $\geq 60\%$ of active users adopting new dashboard features within 30 days of release.

4. Standard Operating Procedures (SOPs)

- **Daily Tasks:**
 - Review user engagement metrics, login rates, and system feedback.
 - Coordinate with Web Developer One to clear feature definition roadblocks.
- **Weekly Tasks:**
 - Synthesize incoming customer logs from HubSpot into actionable feature requests.
 - Maintain and groom the product backlog, planning upcoming development sprints.
- **Monthly Tasks:**
 - Conduct a structured product feedback meeting with Sales Coordinators and implementation team members.
 - Map out the next month's feature releases, aligning with marketing plans.
- **Semester-Based Tasks (Bi-Annual):**
 - Moderate extensive user-acceptance testing (UAT) sessions with early adopter educators.
 - Refine and publish the updated 6-month product feature roadmap.
- **Yearly Tasks:**
 - Coordinate the annual product strategy meeting to align with long-term goals.
 - Analyze year-over-year user retention and lifetime value (LTV) across pricing tiers.

5. Tools & Templates

- Figma Design Dashboard & Linear Task Management

- Shared Folder /Product/Specs_and_User_Research
- LYS Product Specification Document (PSD) Template

6. Performance Evaluation Checklist

- [] User stories and specification sheets delivered to engineering on schedule.
- [] Feedback logs compiled, categorized, and prioritized within the backlog.
- [] Figma mockups completed and approved prior to developer sprint assignments.

Role 8: Technical Support Intern (Hourly/Intern)

1. Executive Summary

The Technical Support Intern provides first-line troubleshooting, quality-assurance (QA) testing, and basic system administration. This role maintains database hygiene and resolves login/usage issues for parents and students.

2. BE-KNOW-DO Framework

- **BE:** Embody helpful professionalism, database accuracy, and thorough QA focus.
- **KNOW:** Master manual regression testing, basic SQL operations, HubSpot support desks, and troubleshooting guidelines.
- **DO:** Address consumer support tickets, run pre-deployment checklists on staging, clean duplicate records, and document support guides.

3. Key Performance Indicators (KPIs)

- **Resolution KPIs:** Maintain a first-contact resolution rate of $\geq 80\%$ on consumer tickets.
- **QA Accuracy KPIs:** Zero critical UI bugs slipping past staging regression testing.
- **Hygiene KPIs:** Complete weekly duplicate and orphan account audits, keeping database bloat to zero.

4. Standard Operating Procedures (SOPs)

- **Daily Tasks:**
 - Triage and address incoming login and access support tickets in HubSpot.
 - Check server exception logs, routing unresolved technical bugs to Web Developer One.
- **Weekly Tasks:**
 - Run the manual QA regression checklist on the staging environment prior to deployments.
 - Conduct an audit of new parent-student links to verify database integrity.
- **Monthly Tasks:**
 - Reconcile and clean up orphaned or duplicate student accounts in the database.
 - Update and publish customer-facing help center guides based on recurring tickets.
- **Semester-Based Tasks (Bi-Annual):**
 - Support the PM team during bi-annual user testing, managing session recordings.
 - Review and update the internal manual QA regression test suite document.
- **Yearly Tasks:**

- Archive historical customer support ticket data and analyze support trends.
- Update the technical support onboarding documentation for incoming team members.

5. Tools & Templates

- HubSpot Service Desk Portal & PGAdmin
- Shared Folder /Tech/Support_and_QA
- LYS Staging Regression Testing Checklist

6. Performance Evaluation Checklist

- [] ^{100%} of staging deployments regression-tested and logged with zero slip-ups.
- [] Support tickets addressed within the scheduled SLA response timelines.
- [] Database records audited weekly for duplicates and system integrity.

Section 2.3: Marketing & Creative

Role 9: Fractional Chief Marketing Officer (CMO) (1099)

1. Executive Summary

The Fractional CMO leads LYS's brand positioning, go-to-market strategies, and client acquisition funnels. This role optimizes customer acquisition costs (CAC) and configures HubSpot nurture campaigns and affiliate programs.

2. BE-KNOW-DO Framework

- **BE:** Embody creative communication, strategic analysis, and growth commitment.
- **KNOW:** Master marketing funnels, customer acquisition cost metrics (CAC), HubSpot automation, and social media advertising.
- **DO:** Design brand campaigns, construct automated email workflows, analyze channel ROI, and build affiliate referral networks.

3. Key Performance Indicators (KPIs)

- **Acquisition KPIs:** Maintaining B2C customer acquisition costs within approved budget limits.
- **Funnel KPIs:** Landing page visitor-to-lead conversion rates reaching $\geq 15\%$.
- **ROI KPIs:** Paid marketing channels maintaining a target return on ad spend (ROAS) of $\geq 3 : 1$.

4. Standard Operating Procedures (SOPs)

- **Daily Tasks:**
 - Review campaign metrics, ad spend performance, and landing page conversion rates.
 - Monitor lead generation trends and pipeline health in HubSpot.
- **Weekly Tasks:**
 - Align with the Social Media Content Creator on copy and visual layouts.

- Audit active email workflows to ensure leads are routing correctly.
- **Monthly Tasks:**
 - Compile and present the monthly CMO performance report to the executive team.
 - Review and optimize marketing budget allocations across channels.
- **Semester-Based Tasks (Bi-Annual):**
 - Plan and launch major seasonal promotional campaigns (e.g., Back-to-School).
 - Run comprehensive market and competitor analyses to adjust positioning strategies.
- **Yearly Tasks:**
 - Direct the annual brand strategy review, setting goals for the upcoming year.
 - Author the year-end marketing performance report and project acquisition budgets.

5. Tools & Templates

- HubSpot Marketing Workflows & Google Analytics
- Shared Folder /Marketing/Campaign_Assets
- LYS Campaign Blueprint & Content Brief Template

6. Performance Evaluation Checklist

- [] Acquisition costs and conversion rates meeting monthly targets.
- [] HubSpot workflows active and delivering automated emails.
- [] Weekly content schedules approved and aligned with marketing goals.

Role 10: Sales Coordinator (1099)

1. Executive Summary

The Sales Coordinator optimizes outbound sales channels, administrates the HubSpot CRM, and aligns outreach with marketing. This role connects prospective educators, parents, and students with LYS solutions through structured outreach.

2. BE-KNOW-DO Framework

- **BE:** Embody data accuracy, persuasive outreach focus, and persistent sales commitment.
- **KNOW:** Master HubSpot CRM database management, sales pipeline metrics, email copy optimization, and cold-call playbooks.
- **DO:** Clean and update contact databases, run outbound sales campaigns, compile sales reports, and manage lead routing.

3. Key Performance Indicators (KPIs)

- **Pipeline KPIs:** Zero active deals remaining stagnant (un-updated) in the pipeline for ≥ 14 days.
- **Response KPIs:** Initial response times for inbound inquiries under 15 minutes during business hours.
- **Volume KPIs:** Complete a minimum of 250 qualified outbound touches (emails/calls) per week.

4. Standard Operating Procedures (SOPs)

- **Daily Tasks:**
 - Categorize and route incoming leads by persona (Parent, Student, or Educator) within 2 hours.
 - Complete 50 qualified outbound contacts (calls/emails) per day, logging all outcomes in HubSpot.
- **Weekly Tasks:**
 - Deliver weekly pipeline and activity metrics reports to the CMO and GDAR.
 - Audit deal stages and clean up stagnant leads in the sales pipeline.
- **Monthly Tasks:**
 - Compile and present monthly sales performance data to the executive team.
 - Train and onboard new sales reps on HubSpot database and logging protocols.
- **Semester-Based Tasks (Bi-Annual):**
 - Support the sales team in planning regional pilot campaign outreach targets.
 - Refine the outbound call script and email templates based on conversion data.
- **Yearly Tasks:**
 - Assist in projecting sales targets and operational budgets for the next year.
 - Coordinate logistics and data for the Annual Sales Planning Meeting.

5. Tools & Templates

- HubSpot CRM Sales Hub & Google Workspace
- Shared Folder /Sales/Outbound_Sequences
- LYS Outbound Call Script & Email Copy Templates

6. Performance Evaluation Checklist

- [] Inbound lead response times maintained under 15 minutes.
- [] Weekly outbound call and email quotas completed and logged.
- [] CRM database audit proving zero stagnant deals in active pipeline stages.

Role 11: Marketing & Social Media Content Creator (1099)

1. Executive Summary

The Marketing & Social Media Content Creator produces the company's public-facing brand assets, graphics, and copy. This role drives organic reach through social media, website SEO, and newsletter distribution.

2. BE-KNOW-DO Framework

- **BE:** Embody creative design focus, storytelling authenticity, and brand commitment.
- **KNOW:** Master graphic design tools (Canva/Adobe), social media scheduling, SEO optimization, and copywriting.
- **DO:** Create and schedule social media assets, write search-optimized website and blog copy, and distribute weekly newsletters.

3. Key Performance Indicators (KPIs)

- **Engagement KPIs:** Monthly organic social media engagement rates increasing by

$\geq 10\%$

- **Traffic KPIs:** Driving month-over-month increases in organic website search traffic.
- **Delivery KPIs:** Maintain a ^{100%} on-time delivery rate for brand assets against content schedules.

4. Standard Operating Procedures (SOPs)

- **Daily Tasks:**
 - Monitor and respond to comments, messages, and brand mentions on social media.
 - Optimize search-meta details on newly published pages.
- **Weekly Tasks:**
 - Upload and schedule the upcoming week's approved content calendar.
 - Format and distribute the weekly "Edu Steps" newsletter and podcast.
- **Monthly Tasks:**
 - Compile and present social engagement and organic search traffic reports to the CMO.
 - Conduct a keyword optimization audit on existing website pages.
- **Semester-Based Tasks (Bi-Annual):**
 - Support seasonal campaign asset design, ensuring a cohesive brand presentation.
 - Refresh social media bio descriptions, headers, and featured links.
- **Yearly Tasks:**
 - Conduct an annual brand asset review to ensure visual alignment.
 - Assist in planning content calendar themes and priorities for the next year.

5. Tools & Templates

- Canva/Figma & Social Media Scheduling Software
- Shared Folder /Marketing/Creative_Assets
- LYS Blog & Social Media Content Calendar Template

6. Performance Evaluation Checklist

- [] Content calendars scheduled on time with zero unapproved copy or assets.
- [] Weekly newsletters formatted and distributed to the database.
- [] Organic social media metrics showing consistent growth.

Section 2.4: Frontline Sales, Lead Gen & Funding

Role 12: Sales Representative - Parents (B2C Lead) (1099)

1. Executive Summary

The Sales Representative for Parents manages B2C parent pipelines, converting inquiries into Tier 2 and Tier 3 subscriptions. This role educates parents and homeschoolers on LYS career roadmaps and student portfolios.

2. BE-KNOW-DO Framework

- **BE:** Embody supportive customer focus, consultative sales empathy, and parent

commitment.

- **KNOW:** Master parent and homeschooling requirements, LYS subscription tiers, parent portal setup, and sales scripts.
- **DO:** Run outreach campaigns, conduct discovery and demo calls, onboard parent subscribers, and log results in HubSpot.

3. Key Performance Indicators (KPIs)

- **Sales KPIs:** Consistently meeting monthly sales quotas for Tier 2 and Tier 3 B2C subscriptions.
- **Conversion KPIs:** Converting $\geq 20\%$ of qualified parent leads into paying users.
- **Onboarding KPIs:** Ensuring 90% of parents successfully link to student accounts within 7 days.

4. Standard Operating Procedures (SOPs)

- **Daily Tasks:**
 - Call and follow up with new parent and homeschool leads in HubSpot.
 - Answer product, pricing, and onboarding inquiries within 24 hours.
- **Weekly Tasks:**
 - Review lead and conversion pipeline statistics with the Sales Coordinator.
 - Host weekly group onboarding calls to help parents navigate student portfolios.
- **Monthly Tasks:**
 - Compile monthly sales results and customer feedback logs.
 - Audit active parent subscriptions, managing upcoming renewal timelines.
- **Semester-Based Tasks (Bi-Annual):**
 - Participate in regional homeschooling networks and parent-teacher associations.
 - Support B2C promotional campaign execution during key transition periods.
- **Yearly Tasks:**
 - Assist in defining parent-segment sales goals for the next year.
 - Update parent sales scripts and onboarding materials based on usage feedback.

5. Tools & Templates

- HubSpot Service & Sales Pipelines
- Shared Folder /Sales/Parent_Segment
- LYS Parent Discovery & Onboarding Guide templates

6. Performance Evaluation Checklist

- ☐ Sales and conversion quotas met or exceeded.
- ☐ Parent accounts successfully linked to student portfolios on schedule.
- ☐ Customer feedback logged and shared with product managers.

Role 13: Sales Representative - Students & Educators (B2B Lead) (1099)

1. Executive Summary

The Sales Representative for Students & Educators pitches and converts B2B school leads. This

role manages pilots, coordinates proposals, and works with educators and counselors to implement LYS Campus and District plans.

2. BE-KNOW-DO Framework

- **BE:** Embody professional educational consultative focus, persistent school system empathy, and client commitment.
- **KNOW:** Master CTE, CCMR, and state standards frameworks, school budget cycles, enterprise proposals, and contract agreements.
- **DO:** Run school sales cycles, execute B2B pilot programs, generate proposal documents, and log activity in HubSpot.

3. Key Performance Indicators (KPIs)

- **Sales KPIs:** Consistently meeting monthly sales targets for new school pilot programs and Campus contracts.
- **Conversion KPIs:** Converting $\geq 50\%$ of school pilots into paid annual Campus contracts.
- **Pipeline KPIs:** Maintaining a healthy, active B2B opportunity pipeline in HubSpot.

4. Standard Operating Procedures (SOPs)

- **Daily Tasks:**
 - Call and follow up with school and district B2B leads in HubSpot.
 - Deliver custom responses to principal, counselor, and teacher inquiries within 24 hours.
- **Weekly Tasks:**
 - Present product demonstrations and walk through pilot proposals with school teams.
 - Update B2B opportunity stages and pipeline values in the CRM.
- **Monthly Tasks:**
 - Deliver monthly sales and active pilot performance metrics to the GDAR.
 - Coordinate invoice setup and contract documentation with the COO.
- **Semester-Based Tasks (Bi-Annual):**
 - Target and schedule outreach campaigns to school districts ahead of planning cycles.
 - Attend regional educational technology and CTE/counseling conferences.
- **Yearly Tasks:**
 - Assist in defining B2B school sales goals for the next fiscal year.
 - Revise standard proposal templates and pricing guidelines.

5. Tools & Templates

- HubSpot Sales Hub Pipelines & Proposal Tools
- Shared Folder /Sales/Educator_Segment
- LYS School Proposal & Pilot Agreement Templates

6. Performance Evaluation Checklist

- [] New school contracts and pilot programs secured on schedule.

- [] Proposal templates and contract details logged with 100% accuracy.
- [] Pilot program conversion rates meeting set metrics.

Role 14: Manager of Sales to Parents (Near-Future)

1. Executive Summary

The Manager of Sales to Parents leads the B2C sales team, optimizing parent pipelines and consumer growth. This role coaches representatives, develops B2C playbooks, and works with the CMO to refine parent customer acquisition.

2. BE-KNOW-DO Framework

- **BE:** Embody supportive sales leadership, detail-oriented strategic execution, and parent advocacy focus.
- **KNOW:** Master parent and homeschooling trends, B2C sales pipelines, conversion rate optimizations, and CRM coaching metrics.
- **DO:** Manage B2C sales representatives, design and test sales scripts, audit pipeline data, and report growth performance.

3. Key Performance Indicators (KPIs)

- **Team KPIs:** Meeting or exceeding the combined B2C team monthly sales quotas.
- **Efficiency KPIs:** Improving lead conversion rates and shortening average sales cycle lengths.
- **Churn KPIs:** Maintaining B2C parent subscription churn below set parameters.

4. Standard Operating Procedures (SOPs)

- **Daily Tasks:**
 - Monitor and support daily call and follow-up activities of B2C representatives.
 - Coordinate with the Sales Coordinator to route high-intent parent leads.
- **Weekly Tasks:**
 - Review HubSpot call recordings, delivering coaching scorecards to representatives.
 - Audit deal stages in the parent sales pipeline, cleaning out stagnant leads.
- **Monthly Tasks:**
 - Report monthly B2C sales performance and churn statistics to the COO and CMO.
 - Host a monthly pipeline strategy meeting to adjust B2C messaging and scripts.
- **Semester-Based Tasks (Bi-Annual):**
 - Run a full evaluation of parent segment acquisition costs (CAC) and customer value.
 - Align team priorities with the bi-annual promotional calendar.
- **Yearly Tasks:**
 - Assist in defining yearly B2C sales targets and forecasting marketing spend.
 - Revise and publish updated B2C parent sales training and playbook assets.

5. Tools & Templates

- HubSpot CRM Coaching Dashboard
- Shared Folder /Management/B2C_Sales

- Parent Sales Script & Representative Coaching Feedback Templates

6. Performance Evaluation Checklist

- [] Combined team sales quotas met.
- [] Sales representative performance audited and logged weekly.
- [] Pipeline accuracy maintained, with all deal stages up to date.

Role 15: Manager of Sales to Educators (Near-Future)

1. Executive Summary

The Manager of Sales to Educators leads the B2B school sales team, driving campus and district acquisition. This role standardizes B2B playbooks, supports complex district proposals, and ensures sales strategies are highly aligned with target school budgets.

2. BE-KNOW-DO Framework

- **BE:** Embody educational authority, enterprise-level professional focus, and strategic partnership commitment.
- **KNOW:** Master school district procurement processes, regional CTE and counseling goals, B2B sales pipelines, and proposal writing.
- **DO:** Manage B2B sales representatives, audit custom proposals, coordinate complex contracts, and track enterprise pipeline performance.

3. Key Performance Indicators (KPIs)

- **Team KPIs:** Meeting or exceeding the combined monthly B2B team sales and MRR targets.
- **Velocity KPIs:** Reducing average B2B sales cycle lengths from contact to contract.
- **Win KPIs:** Maintaining a contract win rate of $\geq 25\%$ on all qualified proposals.

4. Standard Operating Procedures (SOPs)

- **Daily Tasks:**
 - Oversee daily outreach activities, resolving roadblocks in enterprise negotiations.
 - Review and approve custom sales proposals before delivery.
- **Weekly Tasks:**
 - Lead the weekly B2B pipeline review with the sales team, analyzing key opportunities.
 - Report B2B sales activity, forecast details, and closing timelines in HubSpot.
- **Monthly Tasks:**
 - Deliver monthly B2B sales and revenue performance metrics to the GDAR and COO.
 - Audit active contract executions to ensure compliance with billing procedures.
- **Semester-Based Tasks (Bi-Annual):**
 - Run regional sales campaigns ahead of school and district budget planning cycles.
 - Update proposal parameters and contract guidelines based on school feedback.
- **Yearly Tasks:**
 - Coordinate with the GDAR to define yearly B2B sales targets and territory allocations.
 - Author the year-end school-segment performance report, projecting growth.

5. Tools & Templates

- HubSpot Enterprise Pipeline Management
- Shared Folder /Management/B2B_Sales
- School District Enterprise Proposal & Pricing Sheet Templates

6. Performance Evaluation Checklist

- [] Combined team sales and pilot targets met.
- [] All custom proposals reviewed and approved for standard compliance.
- [] Pipeline analytics updated, with zero stagnant deals.

Role 16: Manager of Sales to Students (Near-Future)

1. Executive Summary

The Manager of Sales to Students drives student-level user growth and career pathway partnerships. This role aligns outreach campaigns with youth programs and coordinates with higher education, trade, and military organizations to build pathway options.

2. BE-KNOW-DO Framework

- **BE:** Embody student-focused empathy, highly energetic youth advocacy focus, and career partnership commitment.
- **KNOW:** Master transition-level pipelines, youth organization networks, career and pathway sponsorship opportunities, and student-focused engagement.
- **DO:** Lead student outreach campaigns, coordinate higher education and military partnerships, manage CRM data, and report registration growth.

3. Key Performance Indicators (KPIs)

- **Growth KPIs:** Meet or exceed monthly targets for student registrations and portfolio creation.
- **Partnership KPIs:** Secure regional sponsorships to offset platform costs.
- **Usage KPIs:** Maintain high active utilization rates on student portfolio tools.

4. Standard Operating Procedures (SOPs)

- **Daily Tasks:**
 - Monitor student pipeline registrations, resolving onboarding bottlenecks.
 - Coordinate with youth organizations to plan outreach activities.
- **Weekly Tasks:**
 - Audit student contact logs and database records in HubSpot.
 - Lead coordination calls with potential higher education and pathway sponsors.
- **Monthly Tasks:**
 - Deliver monthly student growth and partnership metrics to the COO and CMO.
 - Review and update promotional strategies targeting student-led loops.
- **Semester-Based Tasks (Bi-Annual):**
 - Schedule high-school-to-college transition events and webinars.
 - Coordinate with university partners to verify credit transfer guidelines.

- **Yearly Tasks:**

- Assist in defining yearly student registration and growth targets.
- Revise and update student marketing and outreach materials.

5. Tools & Templates

- HubSpot CRM Database & Student Portal
- Shared Folder /Management/Student_Segment
- Student Outreach Campaign Plan & Sponsorship Proposal templates

6. Performance Evaluation Checklist

- [] Student growth and registration targets met.
- [] Higher education and military partner portals active and linked.
- [] Monthly engagement reports compiled and delivered.

Role 17: Grants & Institutional Funding Manager (1099)

1. Executive Summary

The Grants & Institutional Funding Manager secures non-dilutive capital to fund LYS initiatives. This role researches, writes, and submits proposals targeting educational foundations, government grants, and CTE alignment.

2. BE-KNOW-DO Framework

- **BE:** Embody scholarly precision, highly detailed administrative rigor, and funding advocacy focus.
- **KNOW:** Master federal and private grant directories, proposal writing, compliance reporting, and educational budget parameters.
- **DO:** Research and catalog grant opportunities, author comprehensive grant proposals, coordinate budget alignments, and draft compliance reports.

3. Key Performance Indicators (KPIs)

- **Funding KPIs:** Meet or exceed annual non-dilutive funding targets to support platform R&D.
- **Submission KPIs:** Submit a minimum of 2 high-quality grant proposals per month.
- **Compliance KPIs:** Maintain ^{100%} accuracy on grant reviews and progress report timelines.

4. Standard Operating Procedures (SOPs)

- **Daily Tasks:**
 - Monitor federal and state grant opportunity databases for new matches.
 - Draft proposal content, gathering background and context resources.
- **Weekly Tasks:**
 - Update the master grant tracker in Google Drive, listing key deadlines.
 - Coordinate budget requirements and resource estimates with the COO.
- **Monthly Tasks:**

- Complete and submit active grant proposals, verifying all requirements.
- Compile and distribute monthly funding progress updates to the executive team.
- **Semester-Based Tasks (Bi-Annual):**
 - Participate in institutional funding reviews with school district partners.
 - Draft comprehensive mid-year progress reports for active grant projects.
- **Yearly Tasks:**
 - Oversee year-end grant compliance audits, verifying budget match goals.
 - Author the year-end Institutional Funding Report, projecting next year's targets.

5. Tools & Templates

- Grant Watch, Grants.gov, & Google Drive
- Shared Folder /Funding/Grants
- LYS Standard Grant Proposal Template

6. Performance Evaluation Checklist

- [] Grant submission targets met on schedule.
- [] Budget allocations and contract details audited with zero errors.
- [] All post-award progress reports submitted within compliance timelines.

Section 2.5: Operations, Implementation & Community Success

Role 18: Global Director of Adoption & Revenue (GDAR) (1099)

1. Executive Summary

The GDAR drives high-level enterprise sales, school partnerships, and study abroad system expansion. This role oversees sales and implementation teams, monitors pricing algorithms, and maps out the corporate partnership pipeline.

2. BE-KNOW-DO Framework

- **BE:** Embody global educational leadership, highly disciplined operational focus, and strategic partnership commitment.
- **KNOW:** Master enterprise sales, educational procurement, global parity pricing, and multi-region business development.
- **DO:** Close Campus and District contracts, manage regional sales and training teams, run parity pricing models, and coordinate study abroad routes.

3. Key Performance Indicators (KPIs)

- **Revenue KPIs:** Meeting or exceeding regional B2B contract acquisition and MRR growth targets.
- **CAC KPIs:** Maintaining average school district customer acquisition costs within budget parameters.
- **Retention KPIs:** Maintaining school and district customer retention of $\geq 90\%$ annually.

4. Standard Operating Procedures (SOPs)

- **Daily Tasks:**

- Monitor B2B contract pipelines, supporting representatives on high-value negotiations.
- Review and coordinate lead routing pipelines in HubSpot.
- **Weekly Tasks:**
 - Lead the weekly B2B sales and implementation alignment meeting.
 - Run the Global Parity Pricing model for incoming international proposals, securing approvals.
- **Monthly Tasks:**
 - Deliver monthly sales and pipeline metrics reports to the COO and CEO.
 - Audit active contract deployments, verifying implementation and setup progress.
- **Semester-Based Tasks (Bi-Annual):**
 - Target regional campaign strategies ahead of district funding cycles.
 - Coordinate with the Study Abroad Liaison to verify progress on Year 3 pipelines.
- **Yearly Tasks:**
 - Author the year-end Global Adoption & Revenue report, projecting target metrics.
 - Coordinate the annual sales strategy and commission guideline review.

5. Tools & Templates

- HubSpot Enterprise & World Bank API Lookup Portals
- Shared Folder /Operations/Adoption_Revenue
- LYS Global Parity Pricing Sheet & Enterprise SLA templates

6. Performance Evaluation Checklist

- [] B2B revenue and pilot contract targets met.
- [] Regional sales and implementation teams coached and meeting KPIs.
- [] Global parity pricing executions compliant with approved parameters.

Role 19: Regional Directors of Impact & Partnerships (RDIPs) (1099)

1. Executive Summary

Regional Directors (RDIPs) manage regional school acquisition and community partnerships. This role pitches the LYS platform to local school boards, coordinates implementation plans, and maintains relationships to secure annual contract renewals.

2. BE-KNOW-DO Framework

- **BE:** Embody regional educational leadership, highly persuasive focus, and local partner commitment.
- **KNOW:** Master local school board procurement, regional standards, pilot structures, and customer success principles.
- **DO:** Pitch LYS solutions to local administrators, establish community partnerships, coordinate implementation consultants, and manage contract renewals.

3. Key Performance Indicators (KPIs)

- **Revenue KPIs:** Hitting monthly regional contract acquisition and revenue targets.
- **Lead KPIs:** Generating a minimum of 10 qualified school opportunities per month.

- **Pilot KPIs:** Initiating a minimum of 3 new school pilot programs per quarter.

4. Standard Operating Procedures (SOPs)

- **Daily Tasks:**
 - Call and follow up with local school and district administrators.
 - Support implementation consultants in addressing on-site challenges.
- **Weekly Tasks:**
 - Deliver weekly regional sales pipeline updates in HubSpot.
 - Coordinate with local non-profits to research joint partnership opportunities.
- **Monthly Tasks:**
 - Deliver monthly sales and implementation progress reports to the GDAR.
 - Audit active regional pilots, managing next-step conversion timelines.
- **Semester-Based Tasks (Bi-Annual):**
 - Target local promotional activities to align with seasonal school events.
 - Attend local educational technology and counseling conferences.
- **Yearly Tasks:**
 - Assist the GDAR in defining yearly sales and territory growth goals.
 - Refine regional proposal and onboarding materials based on feedback.

5. Tools & Templates

- HubSpot CRM & Regional Sales Dashboards
- Shared Folder /Operations/Regional_Impact
- LYS Local School Pitch & Presentation Templates

6. Performance Evaluation Checklist

- [] Regional sales and revenue goals met on schedule.
- [] Implementation activities completed, with high user satisfaction ratings.
- [] Regional client databases clean, with all deal stages updated.

Role 20: Regional Implementation Consultant (RIC) / Implementation Specialist (1099)

1. Executive Summary

The Implementation Specialist coordinates classroom onboarding, educator professional development, and student-facing workshops. This role conducts on-site training sessions, audits app usage, and routes feedback directly to product managers.

2. BE-KNOW-DO Framework

- **BE:** Embody highly engaging public focus, patient classroom teacher empathy, and curriculum commitment.
- **KNOW:** Master the LYS "Being, Knowing, Doing" framework, classroom dynamics, school technology integration, and feedback gathering.
- **DO:** Deliver educator workshops, observe and audit app and scanner usage, resolve technical questions, and document feedback.

3. Key Performance Indicators (KPIs)

- **Onboarding KPIs:** Average school purchase-to-use timeline kept under 14 days.
- **SLA KPIs:** Resolving 95% of classroom-level support queries within 24 hours.
- **Survey KPIs:** Maintaining an average rating of ≥ 9.0 on post-training satisfaction metrics.

4. Standard Operating Procedures (SOPs)

- **Daily Tasks:**
 - Check and address incoming classroom usage support tickets.
 - Follow up with newly onboarded teachers to coordinate workshop schedules.
- **Weekly Tasks:**
 - Deliver on-site or virtual training workshops to educators, following the playbook.
 - Log and escalate technical system bugs to Web Developer One.
- **Monthly Tasks:**
 - Compile monthly classroom usage statistics and feature request summaries.
 - Review workshop feedback results, optimizing presentation methods.
- **Semester-Based Tasks (Bi-Annual):**
 - Lead teacher training cohorts ahead of new school semester starts.
 - Update training decks and help resources based on user feedback.
- **Yearly Tasks:**
 - Assist in reviewing year-end platform adoption and usage trends.
 - Refine and publish updated implementation training playbooks.

5. Tools & Templates

- LYS App Classroom Portal & HubSpot Support Queue
- Shared Folder /Operations/Classroom_Onboarding
- LYS Teacher Training Slide Deck & Post-Workshop Survey

6. Performance Evaluation Checklist

- [] Workshop satisfaction ratings meeting or exceeding metrics.
- [] Support tickets addressed and logged within 24 hours.
- [] Onboarding timelines successfully meeting targets.

Role 21: Educator Support Specialist (ESS) / Customer Success (1099)

1. Executive Summary

The Educator Support Specialist manages client success, driving customer retention, renewal, and platform-wide adoption. This role resolves service tickets, runs check-in calls, and coordinates billing and upgrade requests.

2. BE-KNOW-DO Framework

- **BE:** Embody client advocacy focus, patient customer service empathy, and account commitment.

- **KNOW:** Master customer success metrics, account onboarding pipelines, Billing/Stripe integrations, and system features.
- **DO:** Resolve incoming support tickets, run scheduled onboarding check-ins, manage contract renewals, and document customer logs.

3. Key Performance Indicators (KPIs)

- **Retention KPIs:** Maintaining an annual retention rate of $\geq 95\%$ on managed accounts.
- **SLA KPIs:** Resolving 90% of educator support tickets within 4 hours.
- **Usage KPIs:** Maintaining active usage rates of $\geq 70\%$ among registered educators.

4. Standard Operating Procedures (SOPs)

- **Daily Tasks:**
 - Address incoming support tickets and customer service inquiries in HubSpot.
 - Check and resolve account access and billing questions.
- **Weekly Tasks:**
 - Conduct scheduled 30-day onboarding check-in calls with active teachers.
 - Review account health scorecards, flagging and supporting struggling users.
- **Monthly Tasks:**
 - Deliver monthly support activity and retention metrics to the GDAR.
 - Audit upcoming renewals (90 days out), starting renewal communications.
- **Semester-Based Tasks (Bi-Annual):**
 - Run promotional workshops targeting customer retention during break periods.
 - Update system help files and customer-facing email templates.
- **Yearly Tasks:**
 - Support year-end client satisfaction reviews and retention reporting.
 - Update customer success onboarding procedures for incoming team members.

5. Tools & Templates

- HubSpot Service Hub & Stripe Billing Portals
- Shared Folder /Operations/Customer_Success
- LYS Educator 30-Day Check-In Script & Renewal Email templates

6. Performance Evaluation Checklist

- ☐ Client retention and renewal goals met.
- ☐ Customer support tickets addressed within the scheduled 4-hour SLA.
- ☐ Active user engagement index meeting target parameters.

Role 22: Manager/Lead for Mentor Relationships (1099)

1. Executive Summary

The Mentor Relationships Manager builds and oversees LYS's mentor community. This role recruits and screens industry professionals, manages compliance background checks, and

monitors mentoring interactions inside the app.

2. BE-KNOW-DO Framework

- **BE:** Embody supportive mentor focus, absolute student privacy alignment, and professional commitment.
- **KNOW:** Master mentor recruitment, child safety guidelines, COPPA compliance, and online interaction standards.
- **DO:** Vet and screen mentor applications, coordinate background check procedures, run onboarding sessions, and track user metrics.

3. Key Performance Indicators (KPIs)

- **Engagement KPIs:** Maintaining active platform usage of $\geq 80\%$ among approved mentors.
- **Compliance KPIs:** 100% compliance with background checks and student privacy standards.
- **Retention KPIs:** Maintaining annual mentor cohort retention rates of $\geq 85\%$.

4. Standard Operating Procedures (SOPs)

- **Daily Tasks:**
 - Review and screen incoming mentor applications in HubSpot.
 - Monitor active mentoring threads, verifying system interaction guidelines.
- **Weekly Tasks:**
 - Coordinate background check statuses, updating user permissions.
 - Send weekly mentoring tips and program updates to active mentors.
- **Monthly Tasks:**
 - Deliver monthly mentor activity and engagement reports to the COO and CTO.
 - Host monthly group check-ins with mentor cohort leads in Google Meet.
- **Semester-Based Tasks (Bi-Annual):**
 - Hold virtual networking roundtables for the mentor community.
 - Update mentor guidelines and safety policies based on platform audits.
- **Yearly Tasks:**
 - Complete the annual student safety and mentoring compliance review.
 - Author the year-end Mentorship Impact Report, sharing key successes.

5. Tools & Templates

- HubSpot CRM & Background Screening Integration Portals
- Shared Folder /Operations/Mentorship_Network
- LYS Mentor Code-of-Conduct & Safety Guidelines templates

6. Performance Evaluation Checklist

- [] Screening and background check requirements completed with zero errors.
- [] Mentor platform utilization rates meeting target parameters.

- [] Active mentoring communication threads verified and compliant.

Role 23: Contract Speakers & Presenters (Contract/1099)

1. Executive Summary

Contract Speakers deliver keynote presentations and workshops to drive brand awareness and support sales. This role executes high-impact demonstrations for prospective school districts and logs new leads in HubSpot.

2. BE-KNOW-DO Framework

- **BE:** Embody highly persuasive public focus, energetic educational leadership, and brand commitment.
- **KNOW:** Master the LYS "Being, Knowing, Doing" framework, public speaking techniques, educational trends, and lead generation.
- **DO:** Present keynotes and workshops, coordinate AV setups, gather lead contact details, and log opportunities in the CRM.

3. Key Performance Indicators (KPIs)

- **Survey KPIs:** Maintaining an average rating of ≥ 9.5 on post-event satisfaction reviews.
- **Lead KPIs:** Generating a minimum of 10 qualified leads per presentation event.
- **Punctuality KPIs:** 100% punctuality on scheduled presentation timelines.

4. Standard Operating Procedures (SOPs)

- **Daily Tasks:**
 - Confirm event schedules and coordinate travel logistics with the Sales Coordinator.
 - Address any preparatory questions from event organizers.
- **Weekly Tasks:**
 - Deliver scheduled presentation keynotes and workshops, following the playbook.
 - Log and hand off leads collected during presentations within 24 hours.
- **Monthly Tasks:**
 - Review post-event feedback metrics, optimizing speaking assets.
 - Submit invoice and expense logs against completed events to the COO.
- **Semester-Based Tasks (Bi-Annual):**
 - Update presentation slides and demo videos to align with brand campaigns.
 - Host virtual webinar sessions for prospective regional school clients.
- **Yearly Tasks:**
 - Assist in reviewing year-end presentation reach and sales pipeline impact.
 - Refine the Master Presentation Playbook for upcoming event schedules.

5. Tools & Templates

- LYS Presentation Decks & HubSpot Sales Pipeline
- Shared Folder /Operations/Public_Speaking
- LYS Keynote Presentation Playbook & Lead Capture Form

6. Performance Evaluation Checklist

- [] Post-event satisfaction survey scores meeting or exceeding targets.
- [] Presentation leads scanned, formatted, and logged within 24 hours.
- [] Speaker schedules completed with zero tardiness.

Section 2.6: The Author Academy & Content Team

Role 24: Director of Educator Success (The "Author Academy" Lead) (1099)

1. Executive Summary

The Director of Educator Success recruits, vets, and manages the Author Teacher cohorts. This role ensures all submitted "Bricks" meet curriculum standards (TEKS/CCSS) and audits usage data to distribute royalty payouts.

2. BE-KNOW-DO Framework

- **BE:** Embody professional educational leadership, curriculum-focused wisdom, and content commitment.
- **KNOW:** Master standard alignments, plagiarism audits, royalty structures, and cohort coaching.
- **DO:** Recruit and onboard Author Teachers, review and verify lesson Bricks, calculate monthly royalty metrics, and host community office hours.

3. Key Performance Indicators (KPIs)

- **Growth KPIs:** Successfully onboarding 25–50 Author Teachers per cohort.
- **Turnaround KPIs:** Keeping content queue review times under 48 hours.
- **Retention KPIs:** Maintaining $\geq 85\%$ of authors submitting content monthly.

4. Standard Operating Procedures (SOPs)

- **Daily Tasks:**
 - Review and audit newly submitted lesson Bricks in the Creator Portal.
 - Address and resolve author questions regarding formatting and metadata tags.
- **Weekly Tasks:**
 - Host virtual office hours in Google Meet to support authors in standard alignment.
 - Audit the database to ensure all newly approved Bricks have signed IP agreements.
- **Monthly Tasks:**
 - Reconcile author Brick usage data and submit royalty payout files to the COO.
 - Publish a monthly Creator Newsletter sharing standard priorities and tips.
- **Semester-Based Tasks (Bi-Annual):**
 - Target recruitment campaigns for new author cohorts ahead of school planning.
 - Refine the Author Academy onboarding curriculum based on creator feedback.
- **Yearly Tasks:**
 - Conduct the annual content catalog audit, removing low-performing lessons.
 - Author the year-end Author Academy Performance Report, sharing growth.

5. Tools & Templates

- LYS Creator Portal & HubSpot CRM Pipelines
- Shared Folder /Operations/Author_Academy
- LYS Author IP Transfer Agreement & Brick Review Scorecard

6. Performance Evaluation Checklist

- [] Content queue turnaround times maintained under 48 hours.
- [] Monthly royalty payout files reconciled and submitted on schedule.
- [] Onboarded authors compliant with IP transfer agreements.

Role 25: Author Teacher (1099 / Royalty Program)

1. Executive Summary

Author Teachers create the standard-aligned, character-integrated lesson Bricks that populate the LYS Spotify-style marketplace. This role designs resources that align with LYS values and maps them to TEKS and Common Core.

2. BE-KNOW-DO Framework

- **BE:** Embody highly creative design focus, student-centered empathy, and values-aligned commitment.
- **KNOW:** Master state academic standards, cognitive reading levels, assignment design, and portal metadata.
- **DO:** Create and submit lesson Bricks, map assignments to standard codes, participate in workshops, and review feedback.

3. Key Performance Indicators (KPIs)

- **Quality KPIs:** Achieving $\geq 90\%$ approval rates on initial Brick submissions.
- **Usage KPIs:** Maintaining high utilization of Bricks in active classroom lesson plans.
- **Volume KPIs:** Submitting a minimum of 2 high-quality Bricks per month.

4. Standard Operating Procedures (SOPs)

- **Daily Tasks:**
 - Check the Creator Portal for notifications and feedback on submissions.
 - Research curriculum trends to align new Bricks with student interests.
- **Weekly Tasks:**
 - Design and draft lesson Bricks, ensuring copyright-compliant resources.
 - Tag new Bricks with ELA/Math standards, Lexile, and BKD categories.
- **Monthly Tasks:**
 - Submit finalized Bricks for quality review in the Creator Portal.
 - Review monthly Brick usage and royalty data in the creator dashboard.
- **Semester-Based Tasks (Bi-Annual):**
 - Attend bi-annual Author Academy training and alignment workshops.
 - Refine existing catalog lessons based on student performance data.
- **Yearly Tasks:**

- Participate in the annual Strategic Creator Roundtable, sharing insights.
- Update creator biography details and contract documents for the next year.

5. Tools & Templates

- LYS Creator Portal & Google Workspace
- Creator Dashboard & Shared Resource Libraries
- LYS Lesson Brick Design & Standards Mapping templates

6. Performance Evaluation Checklist

- [] Brick approval rates meeting or exceeding metrics.
- [] All submitted content verified and copyright-compliant.
- [] Monthly engagement and creator tasks completed on schedule.

Role 26: Curriculum & Instructional Designer (1099)

1. Executive Summary

The Curriculum & Instructional Designer designs LYS's core proprietary courses and standardizes templates for the Author Academy. This role ensures all platform content is cognitively rigorous and aligns with LYS values.

2. BE-KNOW-DO Framework

- **BE:** Embody pedagogical precision, highly structured curriculum focus, and cognitive developmental empathy.
- **KNOW:** Master instructional design theories, cognitive load principles, standard alignments, and digital UI.
- **DO:** Design proprietary courses, construct structural lesson templates, audit catalog content, and coordinate with developers.

3. Key Performance Indicators (KPIs)

- **Delivery KPIs:** Delivering curriculum design projects on time and within budget parameters.
- **Adoption KPIs:** Achieving high satisfaction ratings on lesson templates from Authors.
- **Rigor KPIs:** Maintaining an average satisfaction score of $\geq 90\%$ on curriculum reviews.

4. Standard Operating Procedures (SOPs)

- **Daily Tasks:**
 - Draft core course content, aligning with the "Being, Knowing, Doing" framework.
 - Coordinate with Web Developer One to optimize learning interfaces.
- **Weekly Tasks:**
 - Audit a sample of 10 approved Bricks, logging design and standard checks.
 - Update and publish lesson design templates and resources for Authors.
- **Monthly Tasks:**
 - Deliver monthly curriculum development and project progress reports to leadership.
 - Review and analyze platform-wide user progress and learning performance.

- **Semester-Based Tasks (Bi-Annual):**
 - Lead curriculum alignment audits ahead of new academic terms.
 - Refine core course curriculum based on student outcomes data.
- **Yearly Tasks:**
 - Complete the annual platform-wide curriculum safety and compliance audit.
 - Present curriculum results and pathway outcomes to the executive board.

5. Tools & Templates

- Google Docs & Figma Design Board
- Shared Folder /Operations/Curriculum_Design
- LYS Core Course Template & Instructional Design Guidebook

6. Performance Evaluation Checklist

- [] Curriculum projects and deliverables completed on schedule.
- [] Content quality and cognitive rigor checks completed and logged.
- [] Author Academy lesson templates showing high utilization and satisfaction.

Section 2.7: Distant-Future Study Abroad (N.E.S.T. Ecosystem)

Note: In alignment with our 3-year strategic horizon, these roles are mapped to support future development and do not require immediate hiring for the 60-day sprint.

Role 27: Study Abroad Lead/Liaison (1099)

1. Executive Summary

The Study Abroad Liaison establishes the systems, international partners, and operational frameworks for the N.E.S.T. initiative. This role connects American institutions (like HBCUs) with universities, schools, and NGOs in Africa.

2. BE-KNOW-DO Framework

- **BE:** Embody deep cultural empathy, global leadership, and administrative integrity.
- **KNOW:** Master study abroad mechanics, international compliance, accreditation standards, and partner relations.
- **DO:** Conduct institutional outreach, secure university partner agreements, coordinate safety reviews, and draft logistics manuals.

3. Key Performance Indicators (KPIs)

- **Lead KPIs:** Logging a minimum of 2 new regional partner or vendor leads per day in HubSpot.
- **Partner KPIs:** Signing 3–5 new institutional partnerships and 5–10 MOUs with African entities per quarter.
- **Compliance KPIs:** ^{100%} compliance on all travel, legal, and insurance documents pre-launch.

4. Standard Operating Procedures (SOPs)

- **Daily Tasks:**
 - Respond to all partner and travel organization messages within 24 hours.
 - Log all contact and partnership details in HubSpot.
- **Weekly Tasks:**
 - Lead the weekly study abroad readiness sync with the executive team.
 - Audit and log changes in international travel and visa guidelines.
- **Monthly Tasks:**
 - Reconcile study abroad operational expenses, tracking budget variances.
 - Deliver monthly progress reports and partnership summaries to leadership.
- **Semester-Based Tasks (Bi-Annual):**
 - Host a virtual study abroad roundtable with potential university partners.
 - Update the Global Operations Manual based on safety and logistics reviews.
- **Yearly Tasks:**
 - Complete the annual international risk and partnership audit.
 - Author the year-end *Global Exchange Impact Report*.

5. Tools & Templates

- HubSpot CRM & Study Abroad Partner Pipeline
- Shared Folder /Study_Abroad/NEST_System
- LYS Partner MOU & International Program Proposal templates

6. Performance Evaluation Checklist

- [] Regional partner and institution agreements secured on schedule.
- [] Global Operations Manual completed and approved by leadership.
- [] Travel compliance, risk logs, and visa checklists audited with zero errors.

Role 28: Fractional/Outsourced International Legal Counsel (Retainer / Year 3)

1. Executive Summary

International Legal Counsel manages cross-border compliance, travel liabilities, and international data laws. This role reviews partner agreements, drafts liability waivers, and supports data compliance protocols (GDPR/NDPR).

2. BE-KNOW-DO Framework

- **BE:** Embody judicial precision, absolute risk advocacy focus, and international compliance commitment.
- **KNOW:** Master cross-border business laws, travel risk liabilities, international data privacy, and dispute resolutions.
- **DO:** Draft parent liability waivers and travel terms, review international partner contracts, audit data residency protocols, and advise on risks.

3. Key Performance Indicators (KPIs)

- **SLA KPIs:** Review and return international contracts within the agreed 5-day timeline.
- **Compliance KPIs:** Maintaining ^{100%} pass rates on cross-border legal compliance

checks.

- **Safety KPIs:** Flawless legal security records maintained across all active travel programs.

4. Standard Operating Procedures (SOPs)

- **Daily Tasks:**
 - Review high-priority international contracts and partner agreements in HubSpot.
 - Address regulatory or travel risk escalations from program coordinators.
- **Weekly Tasks:**
 - Update the legal risk tracker, cataloging active contract timelines.
 - Advise the COO on compliance updates regarding international staff.
- **Monthly Tasks:**
 - Run cross-border data residency verification checks on the database.
 - Reconcile corporate travel insurance coverage with active student rosters.
- **Semester-Based Tasks (Bi-Annual):**
 - Audit and update travel liability waivers and emergency legal guidelines.
 - Review compliance with visa and labor requirements in target jurisdictions.
- **Yearly Tasks:**
 - Lead the annual corporate legal and international compliance audit.
 - Refresh international partner contract templates and risk guidelines.

5. Tools & Templates

- LexisNexis & Shared Legal Repositories
- Shared Folder /Legal/International
- LYS Student Liability Waiver & Partner MOU Legal Template

6. Performance Evaluation Checklist

- [] International contracts and legal reviews completed within the 5-day SLA.
- [] Data sovereignty and regional routing verified as legally compliant.
- [] Comprehensive student liability waivers and emergency protocols active.

Role 29: Director of Health, Safety, and International Risks (Year 3)

1. Executive Summary

The Director of Health, Safety, and International Risks manages travel safety, student health clearances, and crisis response. This role assesses routes, designs security guidelines, and runs telemedicine and response operations.

2. BE-KNOW-DO Framework

- **BE:** Embody calm crisis leadership, absolute student safety advocacy, and medical compliance focus.
- **KNOW:** Master travel risk mitigation, international medical guidelines, crisis management frameworks, and security networks.
- **DO:** Conduct comprehensive route risk assessments, manage health clearance evaluations, train program leaders, and lead emergency responses.

3. Key Performance Indicators (KPIs)

- **Safety KPIs:** Maintaining zero major safety or health incidents across all travel programs.
- **Response KPIs:** Initiating emergency protocols within 15 minutes of any critical incident report.
- **Coverage KPIs:** Achieving ^{100%} risk assessment and health clearance coverage prior to travel departures.

4. Standard Operating Procedures (SOPs)

- **Daily Tasks:**
 - Monitor real-time security, weather, and health alerts in target markets.
 - Address student medical or pre-travel clearance queries in HubSpot.
- **Weekly Tasks:**
 - Update destination risk ratings and distribute safety briefings to travel leaders.
 - Audit active medical logs and travel insurance tracking databases.
- **Monthly Tasks:**
 - Run virtual emergency simulations and crisis drills with local site teams.
 - Deliver monthly safety and compliance performance metrics to leadership.
- **Semester-Based Tasks (Bi-Annual):**
 - Conduct in-depth on-site risk audits for all active travel routes.
 - Deliver pre-travel safety and medical response training for program leaders.
- **Yearly Tasks:**
 - Author the year-end Health, Safety, and Risk performance report.
 - Complete a comprehensive review of LYS crisis response and security contracts.

5. Tools & Templates

- Crisis App & Telemedicine Support Dashboards
- Shared Folder /Operations/Health_Safety_Risks
- LYS Student Health Clearance & Emergency Action Plan Templates

6. Performance Evaluation Checklist

- [] Flawless travel safety records maintained, with zero compliance issues.
- [] Risk assessments completed and logged prior to every program departure.
- [] Program leaders fully certified in medical and crisis response guidelines.

Role 30: N.E.S.T. Site Developer (Contract / Year 3)

1. Executive Summary

The N.E.S.T. Site Developer coordinates selection, design, and remodeling of physical educational hubs in target markets. This role manages general contractors, monitors facility setups, and verifies compliance with building codes.

2. BE-KNOW-DO Framework

- **BE:** Embody highly disciplined execution, local community collaboration, and facility design commitment.

- **KNOW:** Master facility planning, construction budgeting, local zoning and building codes, and contractor management.
- **DO:** Evaluate target facilities, oversee renovation projects, verify building code compliance, and manage site budgets.

3. Key Performance Indicators (KPIs)

- **Readiness KPIs:** Completing physical site renovations on time and within approved budget boundaries.
- **Compliance KPIs:** Maintaining 100% pass rates on local safety, health, and fire inspections.
- **Budget KPIs:** Keeping overall renovation cost variance under $\pm 10\%$ of projections.

4. Standard Operating Procedures (SOPs)

- **Daily Tasks:**
 - Coordinate with local project managers and general contractors on-site.
 - Address and resolve immediate construction or material bottlenecks.
- **Weekly Tasks:**
 - Conduct construction progress and budget spend reviews.
 - Document milestone logs and upload progress photos to Google Drive.
- **Monthly Tasks:**
 - Deliver monthly site development and budget updates to the COO.
 - Audit completed contractor work against signed agreements before invoice approvals.
- **Semester-Based Tasks (Bi-Annual):**
 - Present physical site readiness plans to the executive board.
 - Refine master site design standards based on facility utilization data.
- **Yearly Tasks:**
 - Coordinate the annual facility roadmap, identifying target expansion areas.
 - Perform post-project financial evaluations on completed facility projects.

5. Tools & Templates

- Project Management & Renovation Tracking Software
- Shared Folder /Operations/NEST_Site_Development
- LYS Facility Site Selection Checklist & Contractor SLA templates

6. Performance Evaluation Checklist

- ☐ Physical site renovations completed on schedule and within budget limits.
- ☐ Fire, health, and building safety certifications fully secured.
- ☐ Contractor deliverables completed and logged with 100% accuracy.

Role 31: N.E.S.T. Site Manager (Year 3)

1. Executive Summary

The N.E.S.T. Site Manager leads daily operations at international educational facilities. This role oversees local teams, manages cultural activities, and coordinates with travel leads to provide a safe, functional environment for students.

2. BE-KNOW-DO Framework

- **BE:** Embody highly organized operations, local community advocacy focus, and student safety commitment.
- **KNOW:** Master facility management, budget control, student health and safety standards, and local team management.
- **DO:** Lead daily facility operations, run security checks, direct local staff and interns, and manage local community partnerships.

3. Key Performance Indicators (KPIs)

- **Facility KPIs:** Maintaining high facility safety and functionality ratings on user reviews.
- **Financial KPIs:** Keeping monthly facility operational expenses within approved budget limits.
- **Resolution KPIs:** Resolving ^{100%} of minor facility and security issues within 24 hours.

4. Standard Operating Procedures (SOPs)

- **Daily Tasks:**
 - Perform a comprehensive morning facility and physical security system audit.
 - Oversee on-site program schedules, welcoming incoming student cohorts.
- **Weekly Tasks:**
 - Audit facility resource levels and coordinate local vendor schedules.
 - Lead the weekly on-site staff coordination and safety sync.
- **Monthly Tasks:**
 - Deliver monthly facility operational and budget performance reports to leadership.
 - Update on-site emergency contact lists and staff credentials in HubSpot.
- **Semester-Based Tasks (Bi-Annual):**
 - Support pre-arrival facility preparation, ensuring complete operational readiness.
 - Conduct a full on-site inventory check and preventative maintenance review.
- **Yearly Tasks:**
 - Support the annual site performance review and budget projections.
 - Update on-site emergency action guidelines and staff training materials.

5. Tools & Templates

- Facility Management Software & HubSpot Portal
- Shared Folder /Operations/NEST_Site_Management
- LYS Daily Facility Audit Checklist & Local Incident Log templates

6. Performance Evaluation Checklist

- [] Facility safety and cleanliness indexes meeting or exceeding metrics.
- [] Local incident reports resolved and filed within the 4-hour SLA.

- [] Operational expenses maintained within approved budget boundaries.

Role 32: General Contractor & Building Manager (Contract / Year 3)

1. Executive Summary

The General Contractor & Building Manager handles maintenance, renovations, and security setups at N.E.S.T. facilities. This role monitors structural systems (HVAC, fire alarms) and coordinates local repair and security vendors.

2. BE-KNOW-DO Framework

- **BE:** Embody highly rigorous engineering standards, reliable focus, and physical safety commitment.
- **KNOW:** Master facilities maintenance, HVAC/electrical systems, fire alarm testing, and contract scopes.
- **DO:** Run structural preventative maintenance, address repair requests, execute facility renovations, and coordinate utility services.

3. Key Performance Indicators (KPIs)

- **Maintenance KPIs:** Completing ^{100%} of scheduled preventative maintenance checks on time.
- **Reliability KPIs:** Maintaining zero major utility or security system outages during program windows.
- **SLA KPIs:** Resolving high-priority safety issues within 4 hours.

4. Standard Operating Procedures (SOPs)

- **Daily Tasks:**
 - Review and address incoming facility and repair requests in HubSpot.
 - Verify that building security systems and exit accesses are fully operational.
- **Weekly Tasks:**
 - Inspect HVAC, electrical, and plumbing infrastructure, logging checks.
 - Coordinate with local utility, internet, and facility service providers.
- **Monthly Tasks:**
 - Run automated fire alarm, camera, and access control testing routines.
 - Submit monthly maintenance logs and invoice reports to the Site Manager.
- **Semester-Based Tasks (Bi-Annual):**
 - Coordinate with the Site Developer to execute planned facility upgrades.
 - Run a comprehensive structural safety audit ahead of student arrivals.
- **Yearly Tasks:**
 - Support the annual facility performance audit and cost projections.
 - Update the master preventative maintenance calendar and vendor directory.

5. Tools & Templates

- Maintenance Logs & Building Security Dashboards
- Shared Folder /Operations/Facility_Maintenance

- LYS Monthly Preventative Maintenance Checklist & Incident Repair Form

6. Performance Evaluation Checklist

- [] Preventative maintenance tasks completed and logged on schedule.
- [] Core utilities, backup power, and network services operating with zero downtime.
- [] Emergency safety and fire alarm systems verified as fully functional.

Role 33: Community Liaison (Year 3)

1. Executive Summary

The Community Liaison designs cultural immersion programs, coordinates service-learning projects, and manages host-family networks. This role helps traveling students adapt to local cultures and resolves community-level challenges.

2. BE-KNOW-DO Framework

- **BE:** Embody cultural empathy, supportive local advocacy focus, and student adjustment commitment.
- **KNOW:** Master cultural integration principles, community network coordination, student safety guidelines, and local custom frameworks.
- **DO:** Design and execute student cultural activities, manage host family intake and audits, support student transition, and report impact stories.

3. Key Performance Indicators (KPIs)

- **Event KPIs:** Achieving a student satisfaction score of $\geq 90\%$ on post-activity reviews.
- **Engagement KPIs:** Meeting targets for student participation in community service hours.
- **Retention KPIs:** Maintaining high satisfaction and retention rates among host families.

4. Standard Operating Procedures (SOPs)

- **Daily Tasks:**
 - Check in with traveling cohorts, addressing local adjustment challenges.
 - Coordinate with local host families to monitor student integration.
- **Weekly Tasks:**
 - Design, schedule, and execute student cultural and community events.
 - Log student service-learning activity progress inside the platform.
- **Monthly Tasks:**
 - Deliver monthly community engagement and activity reports to the Site Manager.
 - Run feedback sessions with active host families, updating guidance files.
- **Semester-Based Tasks (Bi-Annual):**
 - Conduct safety, hygiene, and security audits on prospective host family residences.
 - Update student pre-arrival cultural orientation and safety guides.
- **Yearly Tasks:**
 - Coordinate the annual community partnership review, identifying growth.
 - Author the year-end *Local Community Impact & Cultural Exchange Report*.

5. Tools & Templates

- Google Drive & HubSpot Student Portfolio Portal
- Shared Folder /Operations/Community_Relations
- LYS Host Family Safety Audit Checklist & Cultural Activity Itinerary

6. Performance Evaluation Checklist

- [] Host family safety and security audits completed and logged with zero errors.
- [] Cultural immersion and service events executed on schedule with high feedback.
- [] Student transition and cultural adjustment logs maintained.

Role 34: Site Intern (Hourly/Intern / Year 3)

1. Executive Summary

The Site Intern provides operational, administrative, and event-coordination support on-site. This role handles welcome desks, assists students with local transportation, and maintains workspace supply levels.

2. BE-KNOW-DO Framework

- **BE:** Embody friendly customer service, highly organized administrative focus, and student guidance commitment.
- **KNOW:** Master site operations, event logistics, supply tracking, and local transition support.
- **DO:** Manage welcome desks, input student registrations, organize activity materials, and maintain resource inventory logs.

3. Key Performance Indicators (KPIs)

- **Customer KPIs:** Resolving ^{100%} of basic student inquiries with high satisfaction ratings.
- **Inventory KPIs:** Maintaining ^{100%} accuracy in weekly site supply inventory logs.
- **SLA KPIs:** Delivering scheduled administrative and event support tasks on time.

4. Standard Operating Procedures (SOPs)

- **Daily Tasks:**
 - Manage the physical welcome desk, checking in incoming students.
 - Answer student questions regarding local dining, transport, and resources.
- **Weekly Tasks:**
 - Audit site supplies and educational materials, submitting reorder files.
 - Assist the Community Liaison in preparing materials for student events.
- **Monthly Tasks:**
 - Reconcile on-site asset and supply expense logs for the Site Manager.
 - Update student-facing resource directories and transport guide maps.
- **Semester-Based Tasks (Bi-Annual):**
 - Support facility prep activities ahead of new student cohort arrivals.
 - Assist in updating internal site operational and intern onboarding manuals.

- **Yearly Tasks:**

- Archive historical site usage records and visitor data statistics.
- Support the annual site performance review and planning meetings.

5. Tools & Templates

- LYS Workspace Check-In Portal & Inventory Spreadsheets
- Shared Folder /Operations/Site_Internship
- LYS Site Supply Audit Log & Student Resource Directory template

6. Performance Evaluation Checklist

- [] Site check-in and reception duties performed with zero delays.
- [] Supply inventory logs updated weekly with **100%** accuracy.
- [] Student inquiries addressed or routed to coordinators within scheduled timelines.

Role 35: Travel Agent, Advisor, & Security Consultant (Retainer / Year 3)

1. Executive Summary

The Travel Agent, Advisor, & Security Consultant coordinates transport bookings, flight routing, and travel risk assessments. This role provides 24/7 journey support, coordinates group visas, and delivers travel safety briefings.

2. BE-KNOW-DO Framework

- **BE:** Embody highly systematic logistics focus, persistent travel safety empathy, and emergency security commitment.
- **KNOW:** Master international flight routing, group visa requirements, travel risk diagnostics, and emergency security networks.
- **DO:** Book group travel, perform safety assessments, deliver pre-departure briefings, and provide 24/7 itinerary support.

3. Key Performance Indicators (KPIs)

- **Budget KPIs:** Securing travel and accommodation bookings within target budget parameters.
- **Accuracy KPIs:** Achieving **100%** accuracy in visa and passport data entries.
- **SLA KPIs:** Providing 24/7 support, resolving travel disruptions within 1 hour.

4. Standard Operating Procedures (SOPs)

- **Daily Tasks:**
 - Monitor active travel itineraries and routing disruptions.
 - Resolve flight, transit, or baggage issues for active cohorts.
- **Weekly Tasks:**
 - Secure transit options and visa documents against incoming student rosters.
 - Distribute updated travel itineraries to program leads, logging details.
- **Monthly Tasks:**
 - Reconcile travel and accommodation billing logs, verifying cost structures.

- Deliver monthly travel activity and safety reports to the COO.
- **Semester-Based Tasks (Bi-Annual):**
 - Author and present detailed pre-departure safety briefings for travel teams.
 - Negotiate seasonal block-booking discounts with airlines and providers.
- **Yearly Tasks:**
 - Complete the annual travel provider safety and pricing evaluation.
 - Revise standard travel briefing materials and destination guides.

5. Tools & Templates

- Flight Booking Systems & Travel Risk Dashboards
- Shared Folder /Operations/Travel_Logistics
- LYS Student Travel Itinerary & Pre-Departure Safety Briefing template

6. Performance Evaluation Checklist

- [] Travel reservations and transport arrangements completed on schedule.
- [] Visa files and passenger data verified with zero errors.
- [] Itinerary updates and travel disruptions resolved within the 1-hour SLA.

Role 36: Health & Security Consultant (Retainer / Year 3)

1. Executive Summary

The Health & Security Consultant assesses medical and security infrastructure across travel destinations. This role delivers emergency response training, coordinates local clinical care networks, and audits site security systems.

2. BE-KNOW-DO Framework

- **BE:** Embody calm medical leadership, strict physical security advocacy focus, and emergency response commitment.
- **KNOW:** Master health risk diagnostics, emergency medical procedures, physical security guidelines, and telemetry systems.
- **DO:** Conduct destination medical infrastructure audits, deliver health and response training, provide 24/7 support, and inspect site security.

3. Key Performance Indicators (KPIs)

- **Coverage KPIs:** Achieving ^{100%} security and health audit coverage across N.E.S.T. sites.
- **Medical KPIs:** Providing 24/7 telemedicine and medical support, responding within 15 minutes.
- **Training KPIs:** ^{100%} of travel leaders passing medical and security certifications.

4. Standard Operating Procedures (SOPs)

- **Daily Tasks:**
 - Monitor real-time medical, health, and security alerts in active regions.
 - Provide medical consultation support for active travel cohorts in HubSpot.
- **Weekly Tasks:**

- Audit active medical logs and on-site clinic supplies at active sites.
- Deliver updated regional health risk summaries to the Director of Health & Safety.
- **Monthly Tasks:**
 - Perform physical security audits on cameras, alarms, and controls at active sites.
 - Conduct virtual medical and crisis response training for site staff.
- **Semester-Based Tasks (Bi-Annual):**
 - Complete comprehensive destination clinical audits, verifying care capabilities.
 - Update emergency medical response and telemedicine action guidelines.
- **Yearly Tasks:**
 - Lead the annual platform-wide health, safety, and security systems review.
 - Revise and publish updated first-aid and medical support training materials.

5. Tools & Templates

- Telemedicine Platform & International Security Feeds
- Shared Folder /Operations/Health_Security_Consulting
- LYS Destination Clinical Audit Form & Security Systems Checklist

6. Performance Evaluation Checklist

- [] Health, medical, and security infrastructure audits completed with zero errors.
- [] Telemedicine support requests addressed within the 15-minute SLA.
- [] Active sites verified as fully compliant with facility security guidelines.

Role 37: Academic Coordinator (Year 3)

1. Executive Summary

The Academic Coordinator aligns travel programs with state and national standards. This role manages course delivery at international sites, monitors student academic progress, and oversees credit transfer processing.

2. BE-KNOW-DO Framework

- **BE:** Embody curriculum focus, supportive student academic empathy, and educational integrity.
- **KNOW:** Master academic standards mapping, travel-integrated curriculum, credit transfer workflows, and system portals.
- **DO:** Create travel curriculum standards, monitor student progress in the app, support on-site instructors, and process academic credits.

3. Key Performance Indicators (KPIs)

- **Alignment KPIs:** ^{100%} of travel programs mapped to academic and career readiness standards.
- **Success KPIs:** ^{≥ 90%} of students completing travel courses with "Success" metrics.
- **Transfer KPIs:** Processing and delivering student transcripts to home schools within 14 days.

4. Standard Operating Procedures (SOPs)

- **Daily Tasks:**
 - Check and monitor student course activity metrics in the LYS app.
 - Answer academic and standard-alignment inquiries from site instructors.
- **Weekly Tasks:**
 - Audit student academic progress, flagging and supporting users falling behind.
 - Conduct weekly curriculum syncs with on-site educational directors.
- **Monthly Tasks:**
 - Deliver monthly academic performance and progress reports to leadership.
 - Coordinate with registrar teams to verify course credit transfer files.
- **Semester-Based Tasks (Bi-Annual):**
 - Map student travel courses to academic standards (TEKS/Common Core).
 - Update digital curriculum files and class rosters in the platform.
- **Yearly Tasks:**
 - Support the annual academic outcomes and platform usage review.
 - Revise and update travel academic advising and curriculum directories.

5. Tools & Templates

- LYS Classroom App & School Registrar Portals
- Shared Folder /Operations/Academic_Coordination
- LYS Travel Course Syllabus & Credit Transfer Verification Form

6. Performance Evaluation Checklist

- [] Travel programs verified as aligned to state/national standards.
- [] Course completion metrics and success records meeting targets.
- [] Student transcripts processed and delivered within the 14-day SLA.

Role 38: Academic Advisor (Year 3)

1. Executive Summary

The Academic Advisor delivers personalized counseling, guiding students in selecting programs aligned with their career pathways. This role maps experiences to career goals and conducts college/career-readiness workshops.

2. BE-KNOW-DO Framework

- **BE:** Embody encouraging supportive focus, student consultative empathy, and career alignment commitment.
- **KNOW:** Master CCMR frameworks, college admissions pathways, career coaching techniques, and advising pipelines.
- **DO:** Conduct personalized advising sessions, map programs to student career goals, run CCMR workshops, and log interactions.

3. Key Performance Indicators (KPIs)

- **Advising KPIs:** Meeting monthly student advising and enrollment conversion targets.

- **Accuracy KPIs:** Ensuring ^{100%} of advised students are matched to appropriate career pathways.
- **Survey KPIs:** Maintaining an average rating of ≥ 9.0 on advising satisfaction reviews.

4. Standard Operating Procedures (SOPs)

- **Daily Tasks:**
 - Review and schedule incoming student advising requests in HubSpot.
 - Address student and parent career-advising questions in the portal.
- **Weekly Tasks:**
 - Lead personalized 30-minute advising sessions with prospective student travelers.
 - Update student advising logs, career matches, and milestones in HubSpot.
- **Monthly Tasks:**
 - Deliver monthly student advising and registration metrics to leadership.
 - Conduct group college and career-readiness (CCMR) webinars for cohorts.
- **Semester-Based Tasks (Bi-Annual):**
 - Support pre-departure orientations, mapping program goals to career portfolios.
 - Update student career matching guides and advising template materials.
- **Yearly Tasks:**
 - Support the annual advising efficacy and career placement outcomes review.
 - Refine the Master Advising Playbook and training resources for the next year.

5. Tools & Templates

- LYS App Career Matrix & HubSpot CRM
- Shared Folder /Operations/Academic_Advising
- LYS Personalized Advising Script & Career Mapping worksheet

6. Performance Evaluation Checklist

- [] Student advising targets and enrollment conversions met.
- [] Career matching logs and pipeline details updated in the CRM.
- [] Advising satisfaction ratings meeting or exceeding target parameters.
